

1967 English Ford Anglia.

http://www.mts.net/~rsvein/anglia/FordAnglia2_files/frame.htm

Less than 11,000 miles.

Last driven in 1985

I suspect that this car was stored inside from 1985 until I got it to Winnipeg, and had to store it outside.

Paint peeling on this one just like every other Anglia

Engine seized because it was not driven since 1985.

Body in very good condition with very minor rust.

C \$3,000.00

Car is in Winnipeg.
